

ELECTRICITY AND NATURAL GAS ALTERNATIVE SUPPLY COMPANY ANALYSIS

600 Main Street, Bridgeport, CT
Webster Bank Arena 207,000 Square Foot 10,000 seat Building

SCOPE OF WORK

Performed an economic analysis based on market trends and historical utility pricing to make an advised decision whether to enter into an alternative supply contract for both electricity and natural gas

Reverse auction supply on behalf of client to obtain competitive pricing

PROJECT OUTCOME

ELECTRIC

- Based on analysis customer chose to enter into an alternative supply contract
- Customer received savings of \$70,000 against utility pricing during 2015-2016 fiscal year

NATURAL GAS

- Based upon analysis, customer was advised to decline a natural gas contract
- Customer received natural gas savings in excess of \$60,000 by staying with the utility versus accepting an alternative supply contract
